TENTH STREET PAVING HELD OVER TILL SPRING

Council Takes Action on Contract With Burgess' Veto

WILL BORROW $11,500

Borough Must Have Money ---Busy Night Spent by Borough Heads

No paving will be done on Tenth street from McKean avenue to Lincoln this fall. Council at its regular monthly meeting Wednesday evening took this action after receiving a communication from Burgess S L. Woodward explaining the latter's reason for his refusal to sign the contract awarded recently for work on this street. The sense of the motion was that the paving work be held over until spring.

Tenth street is the street over which there was some contraversy after the award of the paving contract to the firm of Hastings and Piper, when Thomas Arrigo was the lowest bidder. Burgess Woodward explained that he could not conscientiously sign the contract because he regarded Arrigo as "the lowest responsible bidder."

President D. R. Duvall was in the chair and Councilmen Samuel Michener. J. K. Mitchell, C. W. Weltner and D. R. Hormell were present.

Will Borrow Money.

Borough Clerk presented figures to show that at the present moment the borough of Charleroi is financially depressed. His figures showed that the sum of $11,900.32 will be immediately needed to pay the numerous bills. The result was that just before adjournment was taken by council action was taken to procure a temporary loan of $11.500.

Auditor's Report Filed.

One of the important maters taken up by council was that of the auditor's report for the 1913. Fred Piper and J. Christy Roberts are the auditors. Mr. Piper was persent and explained one reason for the delay in presenting the report was that they had been forced to do much transcribing. The report will be published within a few days in the Mail.

Complaints and Petitions

The early part of the meeting was taken up with the hearing of complaints and petitions. An attorney from Washington, whose name for the present was not asked by the council, appeared to represent certain Twelfth street people in seeking a sewer for the Twelfth street hill section The matter is one that had been taken up previously. No action was taken Wednesday night.

Fred Piper appeared in regard to the matter of exoneration from construction of a sidewalk on Lincoln avenue at the rear of his property at Eighth street. An ordinance was read during the course of the meeting, wherein he was freed from laying a sidewalk

A foreigner, whose name was not asked appeared to present a petition asking for a boardwalk near Twelfth street leading from the hill district. He said there was a general need. He emphasized his remarks by telling the story of a woman who had fallen while ascending the hill at this point. After falling, the woman rolled for 150 feet before being able to stop. He did not give her name. The petition was signed by 79 property holders, and President Duvall placed the matter in the hands of the street committee to make an investigation

A committee from the Baptist church appeared to ask that the church be exenerated from paying for street paving at its church property on Lincoln avenue. The real estate committee was given charge of the matter

Various matters of more or less importance came up under the head of complaints and committees were told to busy themselves A petition for a street light on Crest avenue and Eleventh street was presented. The fire, water and light committee was asked to investigate.

Reports Are Heard

The reports of Treasurer R. H. Rush, Burgess S. L. Woodward and Tax Collector J. W. Mathias were accepted. Burgess Woodward reported that there had been 70 hearings during October, with fines assessed amounting to $49. Fines paid amounted to $37, with $12 being served out intime. There were 32 prisoners discharged during the month.

Treasurer R H. Rush summarized the monthly report as follows:

Balance from last report	$4,895.73
Receipts	25,105.67
Total	$30.001,40
Disbursements	$27,337.27
Balance	$2,664.13

Tax Collector J. W. Mathias reported that for 1913 and 1914 taxes he had turned over to the treasurer the total sum of $25,806.52, and for 1910, 1911 and 1912 taxes he had turned over to the treasurer the total sum of $33.64.

Estimates For Paving

Paving estimates were read. Warrants were ordered drawn for Thomas Arrigo, for $208.58 for work on Blythe alley and in favor of Hastings and Piper in the sum of $4,243.82 for Lincoln avenue paving. An estimate of $1,531 30 for Long alley paving was ordered drawn in favor of Thomas Arrigo.

Plug Trouble Reported.

Council took action to abandon a fire plug on the property of the Carnegie Coal company on the theory that it was no longer useful. In its stead it was decided to pay for one at the plant of the Macbeth-Evans Glass factory.

This week Borough Clerk Ira L. Nickeson will make a tour of the town on his inspection of fire plugs, and council has asked him to make a specific report If any of them are found to be faulty or the pressure of water low, the Tri-Cities' Water company will be asked to make a readjustment.

Need a Chauffer.

Chief J M. Fleming of the fire department appeared before council to state that the fire department would be in need of a chauffer for the fire truck which has just arrived and asking if the council would care to hire a man for that position, or would care to combine the work with any other borough position President D. R. Duvall referred the problem to the fire committee to provide a solution.

Adjournment was taken to meet on November 17

DR. BRUMBAUGH WELL FITTED FOR BIG JOB

Governor-Elect Qualified by Ability and Attainments for His Place---May Win Presidential Nomination

The next governor of Pennsylvania, Dr. Martin G. Brumbaugh, is a man qualified by ability and attainments for the high office he will fill. Also he is qualified for the presidency of the United States, a position to which he may be given the nomination two years hence.

Dr. Brumbaugh was born 53 years ago in Markiesburg, Huntingdon county. He lived in that county until called to Philadelphia to accept the chair of pedagogy in the University of Pennsylvania. During his early life Dr. Brumbaugh prepared himself thoroughly for his educational work to follow. He was a graduate from Juniata college, of which institution he was at one time president

Dr. Brumbaugh was recognized by President William McKinley when he asked him to take the post of commissioner of education at Porto Rico. He declined, but his friends at the University of Pennsylvania urged him to accept, and he finally did. Upon the assassination of President McKinley he resigned his post and returned to Philadelphia.

As head of the schools of Philadelphia Dr. Brumbaugh has made an enviable record. He has had under his supervision 4,800 teachers, and the schoo's there are models of efficiency.

Dr. Brumbaugh is an ordained minister of the German Baptist church. All his life he has been a temperance advocate, and has engaged in some hot political fights in behalf of temperance. He has won the endorsement of such noted men as John Wanamaker and H. J. Heinz, and his work has attracted universal attention.

EXPLANATIONS OF RESOLUTIONS MADE

The following communications have been received by the Mail with a request that they be published. They have reference to resolutions which were given to the Mail and published on last Monday, fully signed, as published.

To the Editor of the Charleroi Mail:

We the undersigned carpenters wish to draw your attention to an article printed in the Mail on Monday under the heading of "Condemn action of few." We wish to correct the statement that the Carpenters Union passed certain resolutions condemning the action of the Central Trades Union.

This statement is false and misrepresented as the Carpenters Union passed no resolutions whatever on this matter.

A petition or resolution was framed up by two "would be" politicians and labor leaders, sent out among the carpenters by a certain person and was misrepresented to them. Also those who did sign did so as individuals and not as a Union.

From facts learned since we believe it was spite work on the part of said labor leaders against a person or persons in Trades Council and was used for political timber.

Signed:
C. R. Welch,
P. J. Gibson,
F. Welsh,
Henry Hamen.
F. Miller,
Wm. Craig,
J. W. Schlotter.
Frank Kurpjuweit.

Charleroi. Nov. 4, 1914.

To the Public:

The United Brotherhood of Carpenters and Joiners of America wish to make it plain to the people of Charleroi and vicinity that they as a body have never taken any action c ondemning the action of the Charleroi Labor Council at any time.

This union as a member of Charleroi Labor Council can take action on political questions, but not as a Local union. Therefore any resolution printed as coming from this local union is a mistake The paper in question was presented to some thin-skinned members of our organization who signed it. This union in this way wish to show to the public their disapproval of the act in this case of their members who put their names to said paper.

HOT FIGHTS SHOWN BY LATE COMPLETE REPORTS

Local Mine Now Running

Charleroi Coal Plant of Carnegie Coal Company Resumes Operations

The Charleroi mine of the Carnegie Coal works started operations Wednesday morning after a close down of several weeks due to the slow business period. Operations will continue indefinitely.

The mine started in full, and both lake and local orders will be filled. From both sources lately there have been many orders received. George Osler is the general superintendent of the Carnegie Coal company and C. W. Hall is the local superintendent.

SUNDAY SCHOOL RALLY WILL BE HELD ON NOV. 17

Greensburg Man Will Make Address to Local District Workers

ARRANGING PROGRAM

The convention of the Charleroi district, Washington County Sabbath School association will be held on Tuesday afternoon and evening, November 17, at the First Christian church. Arrangements are now being made for the event by Dr. J. W. Mason, president of the district and other district officers.

Attorney John C. Silsley, of Greensburg, a man well known in Sunday school work has been secured to make the principal evening address He is the only speaker that so far has been announced. An interesting program is being arranged.

A musical program of merit will be presented, with Prof. L. T. Daniel, music supervisor in the schools, in charge.

MUSICAL COMEDY BY LOCAL TALENT

This evening at the High school auditorium "Bibi" a three act musical comedy will be given by local talent. The play which is to be a benefit for the Christ Lutheran church is under the direction of Miss E. June Breimeier a graduate of Bryon W. King's school of oratory of Pittsburg. The story represents a dream given to the Toyman's daughter Katy by the Sandman. In the dream Katy is visited by a retired fairy who leaves a magic smelling bottle by means of which all the dols an toys are brought to life. The remainder of the play is taken up with the happenings in the toyshop while the dolls are holding a carnival Throughout the entertainment sparkles with wit and humor Many beautiful and harmonious musical numbers add greatly to the program. The High School orchestra will furnish music between the acts.

Assembly Battle in Washington County Warm on Tuesday

PLURALITIES QUOTED

Stewart Wins Over Hallam by About 1,000---Temple 4,000 Behind Brown

The Republicans swept the county except for assembly, with the Washington party second and the Democrats third, according to complete returns. Penrose for United States senate is given a plurality over Gifford Pinchot, the Washington party candidate, of about 2,500 votes as stated in Wednesday's Mail. A Mitchell Palmer is third with about 368 votes less than Pinchot. W. M. Brown for congress has a plurality of about 1,700 votes over Dr. Henry W Temple who ran ahead of the Democratic candidate, S. A. Barnum by about 1,000 votes.

For governor Dr. Martin G. Brumbaugh the Republican nominee, will have less than 200 plurality over Vance C. McCormick, the Democratic and Washington party nominee.

For state senate John W. Hallam wins in Washington county but is defeated in the district because of the overwhelming Democratic majority. J. W. Stewart received in his home county of Greene. Hallam's plurality over Stewart in this county is about 400, but Stewart's plurality in the five counties is 1,342.

It is estimated that the entire vote cast in Washington county will be about 18,000. This is about 1,000 more votes than were cast in the county two years ago for president. In 131 out of 142 precincts in the county Judge Frazier for supreme court is given a plurality of 4,157 votes over Kunkle. For superior court Judge Trexler is given a plurality of 1,506 over Clark.

Complete unofficial returns from Washington county for assembly are as follows:

Brownlee	7,482
Carson	7,230
Post	7,329
Baker	7,741
Myers	7,786
Sprowls	7,681

This gives Myers a plurality over Carson of 556 votes, Baker a plurality over Post of 412 votes and Brownlee a plurality over Sprowls of 101 votes. Myers is high man.

FOOT STRAIN.

To be comfortably shod is a big item to the busy man is the contention of Samuel G Dixon, state commissioner of health, who speaks of the subject of Foot Strain as follows;

Rudyard Kipling makes one of his characters in a military tale say "A soldier is no better than his feet."

The man or woman whose occupation or duties require them to stand or walk for a greater portion of the day come to a certain extent in the same category—they are no better than their feet.

This is not alone due to their lack of mobility but to the ever present strain on the nervous system when the feet are partially incapacitated. Anyone who has suffered from the breaking down of the arches of the feet can appreciate how extremely painful this is and how serious a handicap. Cases of this sort are of an extreme character.

What people do not appreciate is that worn down heels which throw the weight of the body to one side or other of the foot may cause a continuous strain when walking or standing. Many people who are particularly careful in the care of their hands pay less attention to their other extremities.

Our modern shoemakers are turning out better shoes than have ever been made in the history of the world. They are less clumsy and more serviceable. Unfortunately, however, the dictates of fashion have led women and men to wear footgear which distorts the natural shape of the foot.

The Roman sandal which permitted the toes to assume their natural position and allowed each one of the five to bear its portion of the weight and give spring to the step was obviously more sensible than the French heeled pump. The latter throws the weight of the body on the ball of the foot and this causes a strain to keep the body balanced. This may be an unconscious action, but it is nevertheless extremely tiresome. It is possible owing to the craftsmanship of present day shoemakers for both men and women to secure neat, trim looking footgear which is sensible in shape.

To be comfortably shod is no small factor in the preparation for one's daily work and will prove a material aid in increasing individual efficiency.

The slump in business resulting from the war has been felt keenly throughout the country in all lines of commerce. But it is on the rebound and unless all signs fail it will soon be hitting the pike on the home stretch.

We of this community may do much to strengthen the feeling of optimism even before the general relief is felt.

We can keep what money we have in circulation at home by doing our buying from our home merchants.

We can add to our financial store by shipping our surplus products abroad and keeping that money at home.

That is common sense. Let's all take a dose.

THREE PRISONERS ARE FINED BY THE BURGESS

Three prisoners faced Burgess S. L. Woodyard this morning. Each received a fine of $1 and costs. Bill Able, who gave his home as Dunlevy, and Sam Bailey, colored, who said that he had worked at Dunbar, were arrested this morning at 4:30 o'clock while sitting by the gas well near the base ball park. They stated that they had just got off a freight train and were warming their hands. John Dessing who was arrested Wednesday evening charged with being drunk, was also fined.

BENTLEYVILLE

Tabernacle Commenced.

Some twenty men were present Wednesday to start work on the union tabernacle. George Miller, of Dunn's Station is in charge of the construction work. The building will be placed up roughly and covered with storm protecting paper, making its appearance ideal. The superintendent promises having the building well under way in a week or possibly entirely completed. The meetings held in the church will be under the auspices of the three churches of town and will go under the name of Union Tabernacle services. The structure is mainly of oak and will be exceedingly strong when completed. The superintendent declares that he will be able to construct the building sooner this time than ever before as he has superintended the raising of the same edifice several times.

WAR BULLETINS

London, Nov. 5.—The German cruiser Yorck struck a mine in Jade bay and sunk. The York was an armored cruiser 462 feet long and was built in 1904. She had a complement of 557 men and displacement of 9,050 tons. Jade bay is an inlet of the North sea. It is stated that 382 of the men have been saved.

Peking, Nov. 5.—The Japanese began a general bombardment of the fortress of Tsing-Tau several days ago and nothing has been heard from the Germans that have been defending the position since it is stated that 26 German guns have been destroyed and 800 prisoners captured. The Japanese artillery is now attacking the German trenches and the wire entanglement before them.

London, Nov. 5.—Next to the Turkish situation the appearance of German warships off the coast of England is causing most of the discussion in England. It is believed by many of the naval men that no serious raid is intended, but that it is a ruse to draw the British vessels to the mines that the Germans are laying.

London, Nov. 5.—Turkey has now broken off diplomatic relations with Great Britain, France, Russia and Servia. Greece is said to be preparing to take sides with the allies. Bulgaria has given assurance of neutrality, but is mobilizing her army. An American warship has arrived at Beirut, Syria, for the protection of the Christian population.

Petrograd, Nov. 5.—The Russian troops have crossed the Turkish frontier, driving back the Turkish troops advance guard and taking a number of towns.

Rome, Nov. 5.—The bombardment of the Dardanelles by the Anglo-French fleet continues most effectively. The reply from the Turkish forts is causing no damage to the ships as they are out of range of the land guns.

Two ways of getting along

Which wins?

Now and then, we hear people say that they can get along without a typewriter. Yes, we believe that. Only forty years ago everybody got along without one.

So they did, a little further back, without the steam engine and the railroad train. They got along without them because there were none.

Anyone today who thinks he can get along without the typewriter because he can do his writing with the pen, is like the man who thinks he doesn't need the railroad because he can walk. In your method of writing you may be "walking" today. If so, then remember that the railroad is built and—

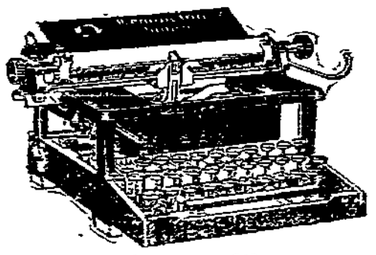
Remington JUNIOR Typewriter

We have built the Remington Junior on purpose for those who have writing to do and need a typewriter but who haven't bought one—yet.



We have built it for the traveler and for the home; for the doctor, the clergyman, the farmer, the retail storekeeper—for everyone who needs a typewriter for the simpler uses, like manuscript and letter writing. The price of the Remington Junior is *fifty dollars*, cash with order. It is just what its name implies, a "boiled down" Remington; smaller, lighter, simpler and more portable, but a true Remington in the work it does and the way it does it, and sold under the iron-clad Remington guarantee.

Here is your chance, absolutely your first chance, to buy an absolutely first-grade typewriter at a medium price. *For $55.00, we will sell you a Remington Junior on terms of $5.00 down and $5.00 a month.* Cut out the attached coupon and send it to us with $5.00 in cash, check or money order, and we will send the machine.

MRS. MABEN WAS MADE WELL

By Lydia E. Pinkham's Vegetable Compound and Wants Other Suffering Women To Know It.

Murfreesboro, Tenn.—"I have wanted to write to you for a long time to tell you what your wonderful remedies have done for me. I was a sufferer from female weakness and displacement and I would have such tired, worn out feelings, sick headaches and dizzy spells. Doctors did me no good so I tried the Lydia E. Pinkham Remedies—Vegetable Compound and Sanative Wash. I am now well and strong and can do all my own work. I owe it all to Lydia E. Pinkham's Vegetable Compound and want other suffering women to know about it."—Mrs. H. E. MABEN, 211 S. Spring, St., Murfreesboro, Tenn.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Why Lose Hope.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

IMMENSE CROWD ANTICIPATED FOR PITT-W.&J. GAME

The stage is set for what promises to be the greatest gridiron battle in college circles this season—the annual game between the University of Pittsburg and Washington & Jefferson College Both teams will enter the fray in fine condition and absolutely confident of victory. It will be a game between two of the best teams in the United States, the W. & J. team, conqueror of Yale and almost victor over Harvard, and the undefeated University of Pittsburg team which has been sweeping all rivals aside and has victories over Cornell, United States Naval Academy, Carlisle Indians, Georgetown, Dickinson and Westminister to its credit.

The game wi" be witnessed by the largest crowd that ever attended an athletic contest in the Steel City. Last year ,on a day that was so foggy that spectators could hardly distinguish who had the ball, over 19,000 went to Forbes field to see the rivals battle. This year it is confidently expected that 25,000 will attend. The University of Pittsburg management has made extensive arrangements for handling the crowd and will be in a position to take care of everyone even if s tanding room has to be sold. There are accommodations for seating over 24,000 at the field. All the seats with the exception of the two bleachers are covered so that spectators are not inconvenienced seriously even if the weather is bad.

The line-up of the two teams is not sure at this time although W. & J. will likely use the same combination that defeated Yale. Capt. Cruikshank will be at center, W. Youkins and McKean at the guards, Patterson and Wesbecker at tackles, Heyman and Bovil at ends, Goodwin at quarter, Fleming and Speigel at halves and Young at fullback. This W. & J. backfield is perhaps the greatest in the college world. It is predicted that Fleming, Goodwin and Speigel will be chosen for All American teams, with Fleming having a good chance to get on Walter Camp's first All American team.

The University of Pittsburg coaches have quite a problem on their hands getting the best eleven men selectd for this all important gam. Material is plentiful this year and all the men showed so well in the Dickinson game, which was won by the record breaking score of 96 to 0, that it is hard to tell just what combination would go best. Peck is a fixture at center and Capt. Smith will be sure at one guard. Either Sopitt or Reese will play the other guard, with the chances in favor of the latter. Hocksmith seems sure of one tackle and Matson may play the other, getting the preference over Sutherland, Jones and Thornhill. The ends will be Carlson and Herron to start. Heil will be at quarterback, Williamson being injured. He may be all right for the State game. The best bets for the other three backfield positions are Miller ,Hastings and Fry. Miller is a wonderful defensive man and is also clever on offensive. He is from Wyoming Seminary, Kingston, Pa. Hastings is a wonder an end runs, drop kicks and on general defensive work. He is a Kiski boy. Fry is from Rochester High. He showed his class in the Carlisle game. He is a fine punter and will be depended on to boot the ball in this game.

Out of town orders for tickets can be sent to K. E. Davis, graduate manager, 421 Park Bldg., Pittsburg.

PARDON BOARD IS ASKED TO PARDON RUSH

The state record in the case of the commonwealth against James Rush was filed with the clerk of the pardon board at Harrisburg Wednesday. Rush is serving an indetermintiary sentence in the Western penitentiary, having been found guilty of manslaughter in connection with the shooting of Chas. Rogge October 15, 1913. The case will come before the pardon board November 18, 1914.

At the time of the shooting Rush was a resident of Millsboro. He had a quarrel with Rogge and shot him with a shot gun. At the time of the trial Judge J. A. McIlvaine refused Rush a new trial. On February 9, 1914 Rush was sentenced to pay the costs a fine of $1 and to undergo imprisonment in the Western penitentiary for a period of not less than three or more than 12 years.

CAMPAIGN IS INSTITUTED ON VAGRANCY

Vagrancy must end in Charleroi according to the edict of Chief of Police C. W. Albright. His decision was emphasized Wednesday by the sentencing of David Fritz for a term of six months on a vagrancy charge.

Fritz was arrested last Saturday night in an alleged intoxicated condition. He was given a hearing before Justice of the Peace E. E. Rice on Wednesday evening, on information of Chief Albright that he had no visible means of support and no place of abode. It was stated that Fritz had been arrested several times within the last three or four weeks and that each time he was charged with drunkeness.

Justice of the Peace Rice first sentenced him to a term of 90 days in the workhouse. Fritz seemed disposed to argue the case, and so violent did he become in his remarks that the sentence was increased to six months.

Washington Lyceum team are rounding into form, as are Ross Source, formerly of the Duquesne University and the Southside team are rounding into from, as are McDowell, a forward formerly of the University of Pittsburg, Huston and Campbell of Monessen. Allie Brown of Homestead or Thomas West, formerly center of the McKeesport team will jump center for Charleroi, two good substitutes, home boys, have been secured in Ed. Lowstuter and Keifer of Charleroi.

TWO TOWNS PASS BOND ISSUES; ONE BOROUGH SAYS NO

Two Monongahela valley towns passed bond issues and one town turned down a bond issue Tuesday. The two which passed bond issue were Charleroi and Fayette City. The one where the proposed issue was turnd down was Monessen.

Charleroi's bond issue is for $75,000 and Fayette City's issue is to be $32,900. The chief purpose of the Fayette City issue is to provide funds for the paving and sewering of streets. Connellsville street will receive attention. Twelve thousand dollars will be used to pay off a debt.

The proposed issue at Monessen was for $135,000. Of this sum $65,000 was to be used for a municipal building $45,000 to pay of a floating indebtedness and the balance $25,000 for street improvements The issue was defeated by a vote of two to one, partly on account of objections to the municipal building project
